## Trends

SOUTH CAROLINA DEPARTMENT OF MENTAL HEALTH  
HOSPITAL SERVICES

TRENDS IN PATIENT POPULATION

ADMISSIONS -- The number of admissions to the Department's five hospital facilities for fiscal year 1976 was 6,179, which reflects an increase of 26% from 4,919 admissions during fiscal year 1975 and an increase of 84% over the admissions of ten years ago in fiscal year 1966.  
(See Figure 1)

PLANNED RELEASES -- The 5,749 planned releases during fiscal year 1976 represent an increase of 9.34% over the 1975 figure of 5,258. This decrease is due in part to the discontinuation of conditional discharges after January 5, 1975.  
(See Figure 2)

DEATHS -- The 337 deaths in fiscal year 1976 represent a decrease of 20.89% over the 426 deaths in 1975.  
(See Figure 3)

RESIDENT POPULATION -- The 4,024 resident patients at the end of fiscal year 1976 represent a decrease of 6.07% from the 4,284 for 1975. The overall trend for the last thirteen years has been downward.
